

**BCRFA Restaurant COVID-19 Safety Plan**  
**\_\_Jackalopes Dive Inc.\_\_**

**UPDATE: MAY 25 2021**

**RESTRICTIONS as of May 25 2021**

- **Customers are required to provide a party name and contact phone number**
- **Customers may only be seated in groups of a maximum of 6 from the same household**
- **Customer may not combine tables or come in social contact with other parties**
- **While customers wait for take-out they are required and actively reminded to maintain 6 feet of distance between other patrons**
- **Customers must wear a mask unless they are actively eating or drinking**
- **Customers must wear a mask when travelling through the restaurant for any purpose**
- **Customers are required to sanitize their hands before handling the debit machines**
- **Staff must wear a mask at all times**
- **Staff must sanitize their hands, the hostess stand, debit machine, phone, and iPads in between parties**
- **Staff may not allow customers to enter the restaurant**
- **Staff must monitor customers to ensure that patrons are adhering to Covid safety protocols**
- **Staff must adhere to regular cleaning of the premises prior to and after service by following cleaning protocols as outlined below in this Safety Plan**
- **Staff must package food and beverages for take-out in single use packaging only**
- **Staff must store food and beverage packaging in a manner that ensures cleanliness and safety for patrons**
- **Staff must serve food and drinks in a sanitary manner**

This COVID-19 Safety Plan is our business' step-by-step response to increased awareness around, and our enhanced protocols for, the health and safety for our staff and our customers.

Our business is committing to following the steps outlined in each of the 6 areas mandated by WorkSafe BC and the official Public Health Order. Our plan includes

outlining our physical changes, our increased protocols and our required usage of PPE. We also outline the training we will be providing for our staff to ensure that the processes are followed.

Our goal with this plan is to create a workplace that is aware and responsive to the new protocols and physical changes to our workplace as a result of COVID-19. Through our enhanced awareness, we aim to help the Provincial Ministry of health to reduce the risk of person-to-person transmission through the following 6 measures in order of priority:

- 1 – Creating more space between patrons and staff in our business.
- 2 – Reducing the number of people in our business at any one time according to the latest Public Health Order.
- 3 – Adding physical barriers between people working in our establishment that cannot otherwise maintain physical distancing.
- 4 – Establishing new rules and guidelines for our staff to follow to help keep people physically distanced and to enhance our cleaning regimens.
- 5 – Defining what positions and in what situations our staff will safely be using PPE, particularly non-medical masks, to limit exposure to respiratory droplets. This includes training on how to use masks correctly.
- 6 – Limiting private gathering to no more than 50 people in accordance with the PHO.

**Our plan is current as of this date:** May 25, 2021

**Our contact for COVID-19 related concerns is:** Jessica Rich

**You can reach our COVID-19 contact by email at:** [jackalopesinc@gmail.com](mailto:jackalopesinc@gmail.com)

**Our customer-facing version**

**of this plan is available online at:** [www.jackalopesdive.com](http://www.jackalopesdive.com)

Per the Public Health Order, our capacity has been reduced from 35 to 17.

### **Risks in Our Workplace**

We have worked extensively with our staff and identified the following risk areas in our workplace. We have accessed both physical proximity issues as well as surface contamination issues.

We have identified the following areas where people gather as points where 2 metres of physical distancing is difficult to maintain:

- bathroom hallway- installed light in front area to show when bathroom is in use.
- behind bar/kitchen- reduced staff by half. Staffing in 'pods'
- dining room floor- social distance tags & red light.

We have identified the following job roles, tasks and processes where workers are frequently close to one another or members of the public for periods of time that are longer than 15 minutes:

- Retraining staff

We have identified that the following kitchen equipment, smallwares, computer and POS terminals are high touch surfaces that must be subject to rigorous cleaning protocols:

- cash box, pos terminal, DPS machines, sign in/out, iPad, receipt printer
- tap handles
- hostess stations
- Oven doors, prep area
- keys
- Light switches

We have identified that the following locations as high touch surfaces that must be subject to rigorous cleaning protocols:

- fridge handles, door handles
- light switches
- kitchen pass
- hostess stand

### **We have created new protocols for reducing risk**

In collaboration with our entire staff team and in consulting with the WorkSafe BC guidelines for Restaurants and the Public Health Order, we have outlined the following processes for reducing risk in our workplace.

Our enhanced Front of House Protocols are:

- Servers will
  - Wear a mask at all times in the restaurant
  - Wash and/or sanitize hands in between serving each customer
  - Have a dedicated place at every table from which to serve.

- Will stand back at least 3 feet from the table when speaking to guests and approach the table only for service of food and beverage.
- Leave drinks or food at the front of the table and let the guests grab them after the server has stood back.
- Hold plates underneath with the thumb on the rim.
- Use the cup handle to place cups on tables.
- Use the stem to carry wine glasses.
- Grip utensils by the handle and don't let handles touch the food.
- Keep hands off the bowl of a spoon or prongs of a fork.
- Customers must remain at tables unless using the washroom. All orders and payments will be taken at the table to reduce walking around.
- We installed a bathroom light so customers know when they can get up to use washroom.
- Whenever possible, we will open the front and back door to allow fresh air into our space while limiting the use of standing fans.
- For water service, staff will provide individual servings of water upon a guests request, and provide a new glass with new request.
- Salt and pepper shakers, sauce dispensers, candles, and other table top items and only provide items when requested.
- Menus are provided through a non-touch QR code. When guests are unable to access the QR code menus will be left at the table instead of having servers remove them mid-meal. All menus are sanitized between uses.
  
- For leftovers, staff will provide the guest with the container and let them pack the to-go box.

Our enhanced Back of House Protocols are:

- Employees will wear a mask at all times in the restaurant
- Employees should wear apron provided by company linen company. To be washed after every use.
- We limit the number of people who aren't cooks and chefs entering the kitchen area. This includes deliveries, service technicians and sales people. For any

deliveries that would normally enter the kitchen get delivered to the loading bay. Where possible, we will unbox items before bringing them into the kitchen.

- All employees are reminded all food handlers to wash their hands at least every 30min for best practices.
- Use of gloves:
  - Gloves mandatory when handling deliveries and receiving raw food product and must be changed frequently or after each task.
- Kitchen and prep areas are wiped down in 30-minute intervals with approved sanitizer. This will include all fridge and door handles and faucet handles in the kitchen.
- Our chefs and cooks will not regularly share knives, utensils or service tools. If shared, they will be cleaned/sanitized between users.
- In the dishwashing area, all employees will wear gloves and masks and/or face shields.
- The dishwashing area is clearly divided into “Clean End, “Dirty End” so dishwashers are not loading clean dirty and then removing clean to cross-contamination.
- All kitchen sinks will have hand-washing instructions.
- Our cook and chef teams will observe social distancing whenever possible, i.e. when in the dry storage area, during staff meetings, staff meals, receiving orders, large prep jobs, etc.

### **We are installing barriers and partitions to protect our guests and staff.**

We are using Barriers and Partitions in the following locations and ways in our business to separate people when physical distance of 2 m cannot be maintained. All our barriers do not pose a risk to our staff or customers.

Our barriers are included in our cleaning protocol and cleaned every time a table is turned.

### **Our People Protocols are changing to respond to COVID-19.**

Our staffing protocols have changed as follows:

- We require staff to declare that they will not come to work if they have had symptoms of COVID-19 in the 10 days prior to their shift. Should staff experience

symptoms of COVID-19, they are required to contact Public Health at 8-1-1 and self-isolate if required.

- We have also required staff to refrain from coming to work if they have had close exposure to a person currently diagnosed with COVID-19.
- Anyone who is returning to our workplace after travelling must have self-isolated for 14 days while monitoring for symptoms before they can work in our business.
- All staff must wash their hands upon arrival at work at the beginning of each shift and upon return from any breaks as well as wash and/or sanitize in between customers.
- We have created “pods” of 3 staff who work together exclusively to reduce connections and minimize the risk of transmission in our workplace.
- Visitors to our back of house for deliveries and service are recorded on invoices to assist with tracking in our delivery log.
- As we are a restaurant, our staff must come in to work however, we are engaging in regular health and safety conversations and ensuring that our staff are bringing forward any concerns about the new work flow or restaurant layout in order to improve our COVID-19 response.
- We have posted a Health Resource document to orient our staff to COVID-19 and any related health, bullying and mental health resources.
- We are actively monitoring our social media and our guest feedback online and in person to ensure that we are not experiencing any backlash or negative engagement with customers and managing difficult situations accordingly to assist our staff through this difficult transition.

Our customer protocols have changed as follows:

**RESTRICTIONS as of May 25 2021**

- **Customers are required to provide a party name and contact phone number**
- **Customers may only be seated in groups of a maximum of 6 from the same household**
- **Customer may not combine tables or come in social contact with other parties**
- **While customers wait for take-out they are required and actively reminded to maintain 6 feet of distance between other patrons**
- **Customers must wear a mask unless they are actively eating or drinking**
- **Customers must wear a mask when travelling through the restaurant for any purpose**
- **Customers are required to sanitize their hands before handling the debit machines**
- We have a hand sanitizing station for guests and staff when they enter the front door to immediately clean hands as well as on tables.
- Parties will be limited to groups of no more than 6.
- During all open hours, we have a hostess open the front door for staff and guests when they arrive at the restaurant.
- Guests are asked to wait outside. Ask guest for a number to text or call that the table is ready.
- For all dine in guests, we will collect through our hostess station, the first and last name of one guest per party and their phone number. Records will be kept per the Public Health Order for 1 month. Contact information will be used for the PHO or purposes of the reservation or table booking only.
- Customers will be required to wait at appropriate 2 m distance in all areas where queuing is required.
- Customers collecting or requesting take out will wait outside.
- Signage is posted at the entrance of the restaurant to ensure that no one with symptoms of COVID-19 or who has contact with someone diagnosed with COVID-19 will enter the restaurant.

We are aware that some guest may not like the new protocols we have instigated and have a staff person assigned to address issues. The point person is Jessica Rich

We have posted at the entrance to our business sign that show:

- our current occupancy limit;
- our core hygiene practices for both staff and guests;
- the core public facing elements of our COVID-19 Safety Plan;

- our restriction from entering the premises for any visitors or staff with symptoms of COVID-19.

### **We are committed to Ongoing Training.**

In our business, we have provided restart training for all our staff and will be conducting weekly training updates to our staff to ensure that any changing regulations are enforced and to respond to any concerns being brought forward by staff or guests.

Our goal for our training is to ensure that our staff is safe in our workplace. Each staff person has agreed to our health check, as this is our front line defense against COVID-19 in our workplace. Our training covers:

- Physical distancing measures
- New sanitation and cleaning processes
- Sanitation and cleaning product instructions and sitting time
- Daily cleaning and deep cleaning checklists

Prior to reopening dine in, we cleaned all beverage service lines, fridges, pantries, counters, service and cooking areas, inside and outside tables and chairs that have not been in use.

Staff have a designated person to speak to, identified on the cover page of this document, who they can ask COVID-19 related questions to.

### **We are requiring masks in specific roles.**

We are supplementing the measure above with limited use of non-medical masks in the following core positions and for the following core tasks:

- Accepting deliveries;
- Doing dishes, serving and hostess.

We have provided all staff using masks the instructions and training to use them correctly.

**We have enhanced our cleaning and hygiene practices in response to COVID-19.**

We have selected Health Canada approved methods to clean and disinfect surfaces for all common areas and surfaces of our business.

To clean in kitchens, we are using: Keystone multi quat- 00333441  
To disinfect tables and menus, we are using: Keystone multi quat- 00333441  
To disinfect/clean washrooms, we are using: Fantastik- 02491613 \_\_\_\_\_  
For POS and computer equipment, we are using: Keystone multi quat- 00333441

**Also using bleach 02459108**

We have removed all table items from our tables and are only providing them on demand so that they can be sanitized/cleaned between uses.

**Hand-washing:** We have installed hand-washing signage at sinks in washrooms, in the kitchen and staff room. To support proper hand-washing, we have done a demonstration of proper hand-washing technique for 20 seconds.

**Bathrooms:** Our bathroom are cleaned every 30min and the schedule is posted behind bathroom door. All entry/exit and stall door handles, toilet seats, flush mechanisms, urinals and sinks will be cleaned each time.

**High Touch Locations:** High frequency touch locations are cleaned every 30min and the schedule is posted at bar. All entry/exit, kitchen or service door handles, POS machines, service counters, bussing stations, service stations, debit terminals will be cleaned each time.

Our Enhanced Cleaning schedule is:

- Reception desk and/or hostess station and/or service counters and front door handles are wiped down in 30-minute intervals with approved sanitizers.
- Between customers, tables, chairs, menus, tablets, and any condiments that have been brought to the table must be cleaned or sanitized between parties.
- For counter service, POS machines will be sanitized between patrons who must touch the number pad.
- Our front of house staff will remove everything from the table after guests leave and clean the table completely.

- Staff perform regular hand washing with soap and water for at least 20 seconds following the official hand-washing guidelines. Hand-washing will be done:
  - Before and after breaks
  - After touching or cleaning tables any surfaces that may be contaminated
  - After sneezing, coughing or nose blowing
  - After touching your face or hair
  - After using the restroom
  - After touching personal phones
  - After using shared equipment such as computers, POS systems and debit terminals between different users
- All kitchen surfaces, equipment used and handles of all types will be sanitized at the end of shift following the product cleaning specs.

**We are committed to adapting and changing as required.**

Our supervisors are trained to monitor the workplace, engage with staff and ensure that COVID-19 policies and procedures are being followed and that any staff questions are being addressed in a timely manner. Issues that are brought forward that require input from our Joint Health and Safety Committee or advice from WorkSafe BC will be addressed accordingly.

**WorkSafe BC** can be contacted at 1.888.621.7233 for Health and Safety Questions. To report a concern, WorkSafe BC's confidential call line is 604.276.3000.

When issues are brought forward by our staff or our guests, and in the event of changes in the Public Health Order or WorkSafe BC recommendations, we are updating this document and changing the date on the cover page.

We have assigned a COVID-19 point person from our team and that person is also identified with contact information on the cover page.
